To: All Members of 12 Step Programs  
From: The Alano Club Board of Directors  
Date: March 14, 2019

We, the Alano Society of Sawyer County, are conducting a membership drive for our Wisconsin incorporated 501©(3) non-profit umbrella organization that maintains the club where your 12 Step meetings are held, as our costs for heating and roof repair have increased. In order to continue serving this community, we need all who attend events at the Alano Club to demonstrate their support of this facility by either renewing their membership or becoming a member today; thereby continuing to ensure that we are able to provide a safe, healthy, and respectful environment for people recovering from addiction, as well as community members to gather as an alternative to the bar scene. We believe it is an honor and privilege to be part of a solution to our community's problems dealing with addiction. With that said, wouldn't you want to be part of that solution, also?

Club membership dues, meeting room rent, donations, and the generous service work of many people at the club fund our facility operating costs. By the dedicated involvement of our members, we are able to maintain paying our expenses which include: utilities, recycling, garbage, cleaning of restrooms and building, snow removal, lawn work, and other seasonal maintenance issues. We need to repair or replace our roof as it sustained major damage last winter, and the increase in snow this year has made the situation much worse; therefore, our urgent appeal to each and every person who attends meetings or events here at the Alano Club to demonstrate real support of this building by becoming a member or renewing your membership today. Aside from showing your monetary support of the Club, your membership gives you a voice in sharing in the decision-making process, as you will then be eligible to attend monthly Board meetings and have voting rights at the annual meeting. You would also be eligible to become a Board member, upon meeting other requirements. Other benefits include only paying half price to rent the main hall, as well as paying a discounted fee for scheduled Club events.

We need your help to maintain this community that we are so proud of! Please consider how you can truly be a part of the solution in keeping our doors open by renewing or becoming a member today!

Thank you so much for your consideration!
